

Super Nutrients for the Prostate

Quantum Prostate Complex

Super Nutrients For Superior Prostate Health

- **The Best of the Prostate Boosters**
- **The Best of the Prostate Cleansers**

Get The Best

*Premier, Clinically Proven Prostate Phytonutrients
with Quantum Synergism*

- European Plant Sterols, Including Beta-Sitosterol
- IP₆ (Inositol Hexaphosphate)
- Non-GMO Isoflavones
- African Pygeum Africanum
- European Saw Palmetto
- European Lycopene (Nonhybrid tomato source)
- European, Nonhybrid Asparagus
- South American Stinging Nettle
- Fermented Mycelial Maitake Extract

The Quantum Effect

The form of every cell in your body is now known to be a crystalline matrix which has its own ideal resonant frequency. The only way each cell can achieve its ideal cellular resonance is by consuming “live source” nutrients that are “quantum quality” (exquisitely well-grown and 100% toxin-free). Only quantum quality nutrients can produce ideal cellular resonance. When quantum quality phytonutrients are combined together synergistically, their effect is far greater than the sum of their individual benefits, by a factor of *10 to 100-fold or more*. This amazing logarithmic effect is “the Quantum Effect,” a primary force to help you sustain or regain great health.

The Source Is Everything!

- **Value Your Prostate!**
Be *pro*-active, not *re*-active! Start boosting your prostate health today – with all superstar nutrients.

- **Quantum Quality**
The very best source of all prostate super-nutrients in a single capsule.
- **100% Pure Vegetable Capsules**
No risk of prion contamination from beef gelatin capsules; no tablets which contain undisclosed binders, fillers and glues.

Quantum Prostate Complex

European Plant Sterols, Including Beta-Sitosterol

- 100% pure European plant sterols, including beta-sitosterol and synergistic sigma sterols
- Super-active sterols with strong immune-modulating activity for a healthy immune system*
- Research studies demonstrate their superior support for prostate and immune health*
Many sterol sources are contaminated, toxic, solvent-extracted or single sterols

IP6 (Inositol Hexaphosphate)

- A special phytonutrient concentrated from rice
- Proven studies show its amazing ability to boost the immune system and promote a healthy prostate*
Free of solvents, pesticides and toxic chemicals

Non-GMO Isoflavones (Asian source)

- A specially fermented, premier, isoflavone concentrate, meticulously manufactured from non-chemically treated, non-genetically engineered soy, absolutely solvent-free
- Contains a whopping 44% isoflavones verified by HPLC (compared to ordinary soy with only 1 or 2%)
- Contains a special bonding compound that helps maintain superb prostate health*
- Powerful support for a healthy digestive tract, immune system and prostate*
American soy sources are often genetically engineered, overly burned, toxic or solvent-extracted.

African Pygeum Africanum

- Grade 10, African-grown, pesticide/toxic chemical free
- Supports bladder health and proper urinary flow*
- Helps balance prostate prostaglandin synthesis*
Not a hybrid; not an extract; not a poorly grown American source

European Saw Palmetto

- Grade 10, European-grown, pesticide/chemical free
- Helps maintain a healthy bladder, urethra and prostate*
- Helps inhibit DHT (dihydrotestosterone) which may cause abnormal cells to multiply and is linked to male hair loss*
- Helps inhibit testosterone 5-alpha reductase, an enzyme that causes additional DHT production*
- Supports the reduction of oxygen radical stress at the prostate*
Not a hybrid; not an extract; not a poorly grown American source

Fermented Mycelial Maitake Extract (Asian source)

- Specially fermented for full bio-availability
- Superior fermented form; far more biologically active
- Supports the immune system and longevity*

- Helps promote a healthy urinary tract, liver and prostate*
- Rich in Beta-1, 6-glucan, proven effective in enhancing the immune system*
Other extracts are often poorly grown, difficult to digest or burned

European Lycopene

(Nonhybrid tomato source)

- A famous phytonutrient naturally occurring in grade 10, premier European tomatoes, pesticide/chemical-free
- Currently making worldwide news as a super-nutrient for immune system and prostate health*
Avoid American tomato sources: often hybrids, poorly grown, pesticided and genetically engineered

European, Nonhybrid Asparagus

- A specially grown, premier South American asparagus concentrate, 100% pesticide/chemical-free
- Its potent phytonutrients, such as asparagene, deliver great support for a healthy kidney/urinary tract*
Avoid most American sources: often hybrids, poorly grown and high in pesticide/chemical residues.

South American Stinging Nettle

- Grade 10, South American grown; pesticide/chemical free
- Promotes improved urinary flow and function*
- Supports healthy blood development and prostate function*
Not a hybrid; not an extract; not a poorly grown American source

Recommended Use:

Adults or children (age 4 and up): Take 1 to 3 capsules daily. For special programs, up to 12 capsules may be taken daily. For stubborn prostate, bladder or urinary tract cases, also use Premier Multi-Pollen Extract (100% allergen-free).
